

## WESTFALL'S WORLD Magic Club.

### A virtual lunch program.

Chris Westfall is one of Canada's BEST magicians and he's gone virtual. Westfall has performed coast to coast. He's a Second City graduate which makes for a uniquely interactive experience. Got a lot of hype from TVOKids, and he was voted Best-in-the-GTA by Today's Parent magazine.

Westfall's style of magic is high-energy, unique, astonishing, and jam-packed with audience participation... even in a virtual world. His spectators laugh, gasp, and scream the entire way through.

**Westfall's World magic club is a live virtual lunch program that students in classroom cohorts participate in via smartboard, TV, computer, or individual tablets. It uses interactive platforms such as zoom or google meets. Kids in the program enjoy live magic every week.**

Magic is a great way to build confidence, social skills, and learn how to articulate in creative and entertaining ways. Most of all... MAGIC IS FUN! In advance via mail or delivery to the school, the kids receive their very own magic kits to use for the program. At the end of the program, the new magicians take their kits home to amaze friends and families.

Westfall's World can build a private hidden page so parents can register their kids from the safety of their homes and to minimize extra work for the school. The school simply sets a registration deadline and sends an announcement and link to parents.
